Highlight of Initiatives

AI Supercomputing Centre & AI Subsidy Scheme

Artificial Intelligence Supercomputing Centre

Artificial Intelligence Subsidy Scheme

Local
Institutions

Enterprises

\$3 Billion

Artificial Intelligence
Subsidy Scheme

Research and
Development
Centres

Government
B/Ds

Hong Kong Generative AI Research and Development Center (HKGAI)

香港生成式人工智能研發中心
Hong Kong Generative AI Research & Development Center

Hong Kong Generative AI Research and Development Center (HKGAI)

Focusing on the research and development of **generative AI technology**

With the goal of establishing **Hong Kong's self-developed AI foundation models and ecosystem**

Conducting R&D on a series of open-source foundation models, including a **local large language model (LLM) and related applications**

HKPilot 港文通

Launched its **locally developed** "HKGAI V1" LLM based on DeepSeek technology in February 2025

All B/Ds have participated in the pilot use of a **generative AI document processing copilot application (HKPilot) based on the LLM**

Hong Kong Artificial Intelligence Research and Development Institute (AIRDI)

Set aside HK\$1 billion for the establishment

Target to be established in 2026-27

Hong Kong Artificial Intelligence Research and Development Institute

Facilitate upstream R&D, midstream and downstream transformation of R&D outcomes and expand application scenarios

AI + Civil Services

**Smart Government
Innovation Lab**

- **“AI + Civil Services” Campaign**

Drive adoption of innovative AI solutions across government departments

- **AI Solution Catalogue**

Collate off-the-shelf AI solutions with low costs, flexible pricing and short development cycles, e.g.

- AI-driven Digital Human Customer Service
- AI Meeting Minutes Summaries and Communication Collaboration
- Document Management and Processing
- Writing and Content Creation
- Workflow Management and Automation
- Creativity and Promotional Marketing
- Data Analysis and Prediction

- **AI thematic website, technology seminars, solution matching workshops, experience sharing forums ...**

Help departments identify and implement suitable AI solutions

Thank you
