AI Governance

“*The development of AI must be steered by safety and driven by application*”

Encourage innovative applications of AI technology

Mitigate risks associated with AI development and deployment

Promote the widespread adoption and advancement of AI in Hong Kong

►► Way Forward

DoJ has Established Inter-Departmental Working Group to **Review Legislation to Support Wider Application of AI**

“AI for All” Inclusive Programme

The “AI for All” strategy include:

Tier 1

Basics for All

Promote AI awareness and a culture of responsible AI use while bridging the digital divide

Students, Parents, the Elderly and Underprivileged Groups

Tier 2

Professional Empowerment

Translate AI knowledge into practical skills and employability

University Students, Young Researchers and Professionals

Tier 3

Practical Enhancement

Focus on practical training and optimisation tailored to workplace scenarios, and enhance efficiency and competitiveness

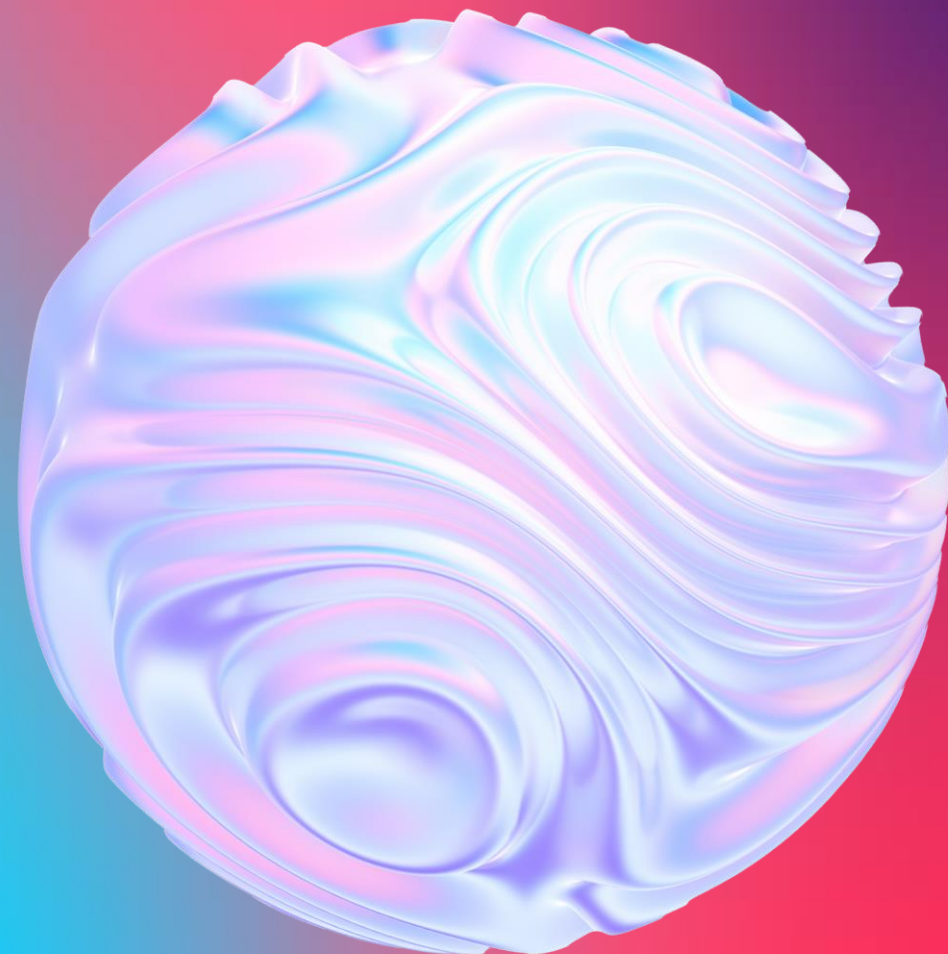

SMEs & Working Professionals
