Admission Requirements on IT Products

1. Product Categories

1.1 The GITP will cover three (3) major categories resembling the wide classification of IT products in the prevailing SOA-NS3 and SOA-PC7, namely, network products and infrastructure equipment (Category A), server systems (Category B) and microcomputer equipment (Category C). Each major category will have a number of sub-categories and each type of IT products will be classified into one sub-category only. The proposed sub-categories and the IT products under each sub-category are as follows:

Category	Sub-category	Relevant IT products
A: Network Products and Infrastructure Equipment	A1: Network Router and Switch	• Network Router • Network Switch
	A2: Wireless Network Equipment	• Wireless Controller • Wireless Access Point • Wireless Router
	A3: Network Load Balancer	• Load Balancer
	A4: Network and Infrastructure Security Equipment	• Firewall • Security Appliance
	A5: Network Software	• Network Management Software • Network Monitoring Software • Network Virtual Security Appliance
	A6: Power Equipment	• Uninterruptible Power Supply (UPS) • Automatic Transfer Switch
	A7: Cabinet	• Rack Cabinet • LCD KVM Console

Category	Sub-category	Relevant IT products
	A8: Network Cable	• Network Cable
B: Server Systems	B1: Server Computer	• Server Computer
	B2: Storage System	• Disk Storage System • Network Attached Storage System • Tape Storage Device
	B3: Server System Software	• Server Operating System • Backup Software • Virtualisation Software • Electronic Mail Software
	B4: Server Application Software	• Database Software • Application Server Software • Application Development Tool • Reporting Software • Content Management Software
	B5: AI Server Equipment	• AI Server Computer • AI Server Components and Accessories • AI Server Software
C: Microcomputer Equipment	C1: Desktop Computer	• Desktop Computer
	C2: Notebook Computer	• Notebook Computer
	C3: Mobile Computing Device	• Tablet Computer • Mobile Phone
	C4: Printer	• Monochrome Laser / LED Printer • Colour Laser / LED Printer
	C5: PC Software	• Desktop Operating System • Office Automation Software

Category	Sub-category	Relevant IT products
	C6: AI PC Equipment	• AI Desktop Computer • AI Notebook Computer • AI PC Components and Accessories • AI PC Software

2. Product Sub-categories

2.1 Each product sub-category comprises a number of IT product items. For some of which (as denoted by the words "Requisite for Admission"), the applicant must propose at least one model for each such IT product compliant with the reference technical requirements in order to be admitted as GITP provider for the sub-category to which the IT product belongs. Details are provided below.

Sub-Category A1 (Network Router and Switch)

Type and Description	
Requisite for Admission	Router
	Switch
	Router Accessories
	Switch Accessories

Sub-Category A2 (Wireless Network Equipment)

Type and Description	
Requisite for Admission	Wireless Controller
	Wireless Access Point
	Wireless Router
	Wireless Equipment Accessories

Sub-Category A3 (Network Load Balancer)

Type and Description	
Requisite for Admission	Load Balancer
	Load Balancer Accessories

Sub-Category A4 (Network and Infrastructure Security Equipment)

Type and Description	
Requisite for Admission	UTM Firewall
	Web Application Firewall
	Network Threat Protection Appliance
	UTM Firewall Accessories
	Web Application Firewall Accessories
	Network Threat Protection Appliance Accessories
	Security Policy Management Appliance

Sub-Category A5 (Network Software)

Type and Description	
Requisite for Admission	Network Management Software
	Network Monitoring Software
	Network Virtual Security Appliance
	Network Traffic Analysis Software
	Network Software Licenses and Accessories

Sub-Category A6 (Power Equipment)

Type and Description	
Requisite for Admission	Uninterruptible Power Supply
	Automatic Transfer Switch
	Uninterruptible Power Supply Accessory

Sub-Category A7 (Cabinet)

Type and Description	
Requisite for Admission	Rack Cabinet
	LCD KVM Console
	Rack Cabinet Accessories
	LCD KVM Console Accessories

Sub-Category A8 (Network Cable)

Type and Description	
Requisite for Admission	Network Cable
	Cable Accessories

Sub-Category B1 (Server Computer)

Type and Description	
Requisite for Admission	Server Computer
	Server Computer Processor
	Server Computer Memory
	Disk Controller Adapter
	Host Bus Adapter
	Network Interface Adapter
	Server Hard Disk Drive
	Server Solid State Disk
	Blade Chassis
	Blade Storage Module
	Blade Network Module
	Blade Network Upgrade Module
	Blade Power Supply Unit
	Server Accessories
	Hardware Security Module
	Key Management Appliance

Sub-Category B2 (Storage System)

Type and Description	
Requisite for Admission	Disk Storage System
	Network Attached Storage System
	Disk Storage System Disk Enclosure
	Disk Storage System Remote Site Replication Module
	Disk Storage System Encryption Module
	Disk Storage System Expansion Accessories
	Storage System Hard Disk Drive
	Storage System Solid State Disk
	Storage System Encrypted Hard Disk Drive
	Storage System Encrypted Solid State Disk
	SAN Switch Module
	SAN Switch Module Expansion Unit
	SAN Switch Module ISL Trunking
	SAN Switch Module Transceiver
	Tape Library System
	Tape Library System Expansion Unit
	Tape Library System Encryption Module
	Tape Library System Path Failover
	Tape Autoloader
	Tape Drive
	Data Protection Appliance
	Data Protection Appliance Expansion Module
	Data Protection Appliance Interface Module
	Data Protection Appliance Memory Upgrade

Sub-Category B3 (Server System Software)

Type and Description	
Requisite for Admission	Server Operating System Software
	Backup Software
	Server Operating System related Client Access Licence
	Backup Software Agent/Option Licence
	Virtualisation Software
	Electronic Mail Software and related Client Access Licence
	Server Management Software
	System Monitoring Software and related Client Access Licence
	Log Server Software
	Configuration Management Software
	Patch Management Software and related Client Access Licence
	Software Asset Management Software and related Client Access Licence
	Endpoint System Management Software and related Client Access Licence
	Mobile Device Management Software and Related Client/Device Licence
	Server and Application Monitoring Software
	Security Configuration Management Software
	Email Security Software
	Virus Protection Software
	Intrusion Detection and Prevention Software
	Secure Deletion Software

Sub-Category B4 (Server Application Software)

Type and Description	
Requisite for Admission	Any item under this sub-category except client/device access licences
	Database Software and related Client Access Licence
	Application Server
	Application Development Tool
	Reporting Software and related Client Access Licence
	Document Management Software and related Client Access Licence
	Content Management Software and related Client Access Licence
	Geographic Information System

Sub-Category B5 (AI Server Equipment)

Type and Description	
Requisite for Admission	Any item under this sub-category
	AI Server Computer
	AI Server Components and Accessories
	AI Server Software

Sub-Category C1 (Desktop Computer)

Type and Description	
Requisite for Admission	Desktop Computer
	Desktop Computer Upgrade Option
	Monitor
	QR Code & Barcode Scanner
	Switch / Hub
	Storage Card and Card Reader
	Computer Peripherals
	Image & Document Scanner
	Authentication Token

Sub-Category C2 (Notebook Computer)

Type and Description	
Requisite for Admission	Notebook Computer
	Notebook Computer Upgrade Option
	External Hard Disk
	External Drive Enclosure

Sub-Category C3 (Mobile Computing Device)

Type and Description	
Requisite for Admission	Tablet Device
	Tablet Accessories

Sub-Category C4 (Printer)

Type and Description	
Requisite for Admission	Monochrome Laser / LED Printer
	Colour Laser / LED Printer
	Multifunction Monochrome Laser / LED Printer
	Multifunction Colour Laser / LED Printer
	Monochrome Printer Accessories
	Colour Printer Accessories
	Inkjet Printer
	Barcode Label Printer
	Inkjet / Barcode Label Printer Accessories

Sub-Category C5 (PC Software)

Type and Description	
Requisite for Admission	Any item under this sub-category
	Desktop Operating System
	Office Automation Software
	Security Software
	Encryption Software
	File Compression Software
	Fonts and Characters Management Utilities
	Database Software (running on PC)
	PDF Creation Software
	Project Management Software
	Graphics and Drawing Software

Sub-Category C6 (AI PC Equipment)

Type and Description	
Requisite for Admission	Any item under this sub-category
	AI Desktop Computer
	AI Notebook Computer
	AI PC Components and Accessories
	AI PC Software

*** End ***
